

# Q8 Gear Oil XG 80W-90

Advanced SAE J2360 gear and axle fluid

# **Description**

Q8 Gear Oil XG 80W-90 is an advanced universal gear and axle fluid, especially formulated for use in both axles and synchronised as well as non-synchronised manual transmissions. This product offers protection against sludge formation and abrasive deposits and is compatible with seal materials, providing continuous lubrication and prohibiting oil leakages.

# **Applications**

Q8 Gear Oil XG 80W-90 exceeds the API GL-4 and GL-5 specifications by meeting the rigorous requirements of SAE J2360 and top European OEMs such as Scania and MAN. This lubricant has one of the broadest ZF approval ranges, satisfying commercial fleet requirements.

#### **Benefits**

- Excellent easy gear shifting at low temperatures.
- Outstanding protection against wear and extends component life.
- Superb gear protection under heavy duty conditions.
- Outstanding protection against rust and corrosion.
