

Q8 Renoir EP 132

Multi-purpose readily biodegradable grease

Description

Q8 Renoir EP 132 is an excellent multi-purpose EP-grease and formulated for applications in environmentally sensitive areas. It is a readily biodegradable grease with excellent water resistance and rust-protection. Q8 Renoir EP 132 is used in wide temperatures ranges, has excellent roll stability and long service life. It has outstanding adhesive properties on metal.

Applications

Q8 Renoir EP 132 is used in farm and forestry environments, fishery and aquaculture, water treatment sites, water ways, mining, construction and earthmoving equipment. This environmental friendly multi-purpose grease is suitable for the lubrication of roller & plain bearings, pins & bushings and chain and wire applications.

Benefits

- Readily biodegradable
- Eco-friendly and limited impact on the environment
- Free of hazardous components
- Minimizes downtime which leads to a higher maintenance efficiency
- Outstanding adhesive properties

Specifications & Approvals

DIN	51502 KPE2E-20	Swedish Standard	AV Environmentally acceptable
ISO	12924 L-XB(F)BiB 2		

Properties

	Method	Unit	Typical
Soap type	-	-	Anhydrous Ca
Colour	Visual	-	Yellow
Consistency, NLGI No.	NLGI	-	2
Kin. Viscosity Base Oil at 40 °C	D 445	mm ² /s	130
Dropping Point	D 566	°C	> 140
Biodegradability, 28 days	OECD 301 B	%	83
Four Ball Test, Weld Load	IP 239	N	2800
Temperature range	-	°C	-20°C to + 90°C

The figures above are not a specification. They are typical figures obtained within production tolerances.
