

Q8 Rossini EP 2

Food-grade extreme pressure grease

Description

Q8 Rossini EP 2 is a multi-purpose grease with extreme pressure properties. The special formulation meets the highest food industry standards (such as USDA H1) and is approved by NSF for having incidental contact with food. Q8 Rossini EP 2 has outstanding water resistance, excellent adhesiveness and long service life. The white coloured grease is resistant to rust and temperatures up to 120°C.

Applications

Q8 Rossini EP 2 is used as lubrication of machine parts and equipment where there might be an exposure to food such as in fishing industries, breweries, meat industry and packaging companies. The grease is also recommended in the pharma and cosmetic industry.

Benefits

- Extends service life time thus minimal costs and maximal efficiency
- Outstandingly water repellent
- Optimum adhesiveness
- Excellent mechanical stability
- Safe to use in food industry

Specifications & Approvals

DIN	51502 KP2K-20	ISO	6743 L-XBCEB2
ISO	21469		

Properties

	Method	Unit	Typical
Soap type	-	-	Aluminium Complex
Colour	Visual	-	White
Consistency, NLGI No.	NLGI	-	2
Penetration, Worked, 25 °C, 60 strokes	D 217	0.1 mm	280
Kin. Viscosity Base Oil at 40 °C	D 445	mm ² /s	570
Dropping Point	D 566	°C	256
Four Ball Test, Weld Load	IP 239	N	5000

The figures above are not a specification. They are typical figures obtained within production tolerances.

Remarks

NSF registration number for Q8 Rossini EP 2 is 138528. It meets the Halal requirements in accordance with islamic laws.
